SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

This Supplemental Information Disclosure Statement is hereby submitted in accordance with 37 CFR 1.98 and pursuant to Applicant's continuing duty under 37 CFR 1.56 to bring any information which may be material to patentability of this application to the Examiner's attention. The Examiner's attention is directed to the reference(s) cited on the accompanying substitute for form PTO-1449A/PTO. Except for U.S. Patents and U.S. Patent Application Publications, *see* 37 C.F.R. § 1.98(a)(2)(i), copies of the cited references are enclosed, unless otherwise noted below. It is further understood that the Examiner will also consider information that was cited or submitted to the U.S. Patent and Trademark Office in a prior application relied on under 35 U.S.C. § 120. M.P.E.P. § 609 (I)(A)(2).

Applicant makes no representation that a search has been conducted by the Applicant, or that there is not possibly more relevant art. Applicant also makes no representation that the

information submitted herewith is in fact material to patentability. The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner. Notice of January 9, 1992, 11 O.G. 13-25, at 25.

This Information Disclosure Statement is being filed after the mailing date of a first Office action on the merits but before the mailing date of any of a final action, a notice of allowance, or an action that otherwise closes prosecution in the application. 37 C.F.R. § 1.97(c).

I hereby state that each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. 37 C.F.R. § 1.97(e)(1). No fee is required.

Cite nos. B1, B2, B12, B13 and B16 were cited in a search report by a foreign patent office in a counterpart foreign application. Submission of an English language version of the search report that indicates the degree of relevance found by the foreign office is provided in satisfaction of the requirement for a concise explanation of relevance. 1138 OG 37, 38. A copy of the Supplementary European Search Report for the corresponding European Patent Application No. EP 00930877 is submitted herewith.

Applicant notes that Cite B11 (CA 2,240,270 A1) is a Canadian patent application that corresponds to Cite B12 (DE 19547699 A1) and may thus serve as an English-language translation of the latter.

A English-language translation of Cite No. B13 (DE 29807832 U1) is submitted herewith for the Examiner's convenience.

Also submitted herewith is a verified English-language translation of the previously submitted Japanese Patent Application No. JP 60-154470 (See Office Action of March 25, 2005, Notice of References Cited, Cite No. O).
